Stink keeps walkers away from Lingambudhi Lake

Unbearable stench reduces number of walkers from 900 to 250 in 6 months

Sewage water flowing into Lingambudhi Lake from Dattagalli, Janathanagar and surrounding areas.

Mysuru, Nov. 22 (MTY&BCT)- Foul smell wafting across their nostrils have forced many regular morning and evening walkers to abandon their daily routine at the vast Lingambudhi Lake.

Six months back, over 800 to 900 walkers used to stroll on the Lake bund every day. But now the number of walkers has reduced to 300 per day, thanks to the unbearable stench.

Some of them who dare to venture out of their homes for a walk do it with their nostrils closed with a perfumed handkerchief. The foul odour has even forced some of the residents of the area to keep their doors and windows closed. They don't venture onto their balconies.

Sewage dump

Relentless flow of underground drainage water from Janathanagar, Dattagalli and surrounding areas has polluted the Lake where more than 15 migratory Northern Shoveler birds were found dead inside the Lake.

(See LINGAMBUDHI LAKE on page 8)

Obituary

Balavendra Peter

Mysuru, Nov.22- Balavendra Peter (63), retired Railway Workshop employee and a resident of Vivekanandanagar, passed away yesterday afternoon at a private hospital in city following a brief illness.

An active member of Our Lady of Perpetual Succour Church at Srirampura, he leaves behind his wife Maria G. Fernandes, Advertisement Manager, *Star of Mysore* and a host of relatives and friends.

Funeral Service took place at Our Lady of Perpetual Succour Church at Srirampura today afternoon followed by burial at Catholic Cemetery in Vidyaranyapuram, according to family sources.

Nation's *health* in poor health

The country's affluent sections have no cause for complaining about the prohibitive costs of drugs as well as hospital tariffs, while these sections are reportedly less than two per cent of the land's total head-count. The mass, identified as Below Poverty Line (BPL), said to be *managing* (not to perish) with less than 100 rupees or so per capita daily accounts for more than 500 million, a conveniently accepted figure, though it is nothing other than a wild guess. Health is a joke in their case. The third section, namely the notorious *middle class*, comprising two parts, also conveniently described as *upper middle class* and just *middle class*. These three major sections of the country's total headcount are battling with illnesses and other health issues in a long and growing list, which can be traced to their *habits*, life-styles, food habits, living environment, knowledge or ignorance about causes and remedial measures to be free from the debilitating state. The infrastructure for addressing the disease burden of the diaspora, namely hospitals, drug industry, medical stores, primary health centres, consultation centres of medical practitioners and so on seem to be proliferating across the country, but these are confined to cities, including Mysuru. Rural areas are virtual deserts when it comes to issues of healthcare.

Global agencies relate healthcare level of any country to the fiscal allocation for spending on healthcare in its budget as a percent of the respective country's GDP (Gross Domestic Product). India's spending on healthcare is reportedly 1.0 percent in comparison with Germany's 9.4, Japan's 9.3, France's 8.7, United Kingdom's 7.9 and China's 3.2. There is more to the matter than these gross indicators, given the factors of corrupt practices of the functionaries in the system and other features.

Workforce in India's agriculture sector is marked by illiteracy, ignorance, inability to access medical attention, livelihood yielding uncertain income. The plight of the mass in urban space marked by livelihood sustained by physical labour, such as loaders, construction workers, small-time traders in perishables and so on is no different. Juxtaposing the mass of unhealthy sections in the country's population, against periodic measures of healthcare of the Government, one of which is the current Pradhan Mantri Jan Arogya Yojana (PM-JAY), commonly known as Ayushman Bharat, one can effortlessly notice the ocean of gap between disease burden and efforts to unburden. Reports with multicolumn headlines like "63 per cent of pregnant women in rural areas work till delivery" are testimony to the Nation's feature of *not in the pink of health.*

The country's team at the helm of administration better call halt to the splurging of people's tax money to the tune of several crores of rupees for holding frequent polls at exorbitant cost, lavish life of elected representatives and rampant corruption on the part of functionaries in the bureaucracy from top to bottom. Healthcare spending may be increased considerably by the Government, but at the end of the day, the onus of avoiding illnesses lies grossly in the lap of people themselves.

EDITOR'S BOTTOMLINE

From a growth perspective, an increasing labour participation is more important than a falling unemployment rate. It is important to increase the number of people willing to work. If fewer people are willing to work, a low unemployment rate is meaningless. This is because the unemployment rate is merely the proportion of those that are willing to work who cannot find jobs. Compared to global standards, India has a very low labour participation rate and now, it also has a high unemployment rate. This is a classic double whammy. And to this, we can now add the misery of a rising inflation rate. Is there something called a triple whammy? In the world of medicine the term is associated with renal failure. *— Mahesh Vyas in Business Standard*

Dog gets rejected for its perfectly arched eyebrows

Bratsk: A five-month-old puppy named Betty, found on the outskirts of Bratsk, in Russia, and placed in the care of a local shelter, was initially rejected because of her unusual look.

When caretakers saw Betty's black eyebrows for the first time they were convinced that someone had played a cruel joke on the poor animal and painted them on. They later came to know that it was a natural pigmentation, but a unique one.

Her arched eyebrows freaked people out, and they all passed on adopting her. Luckily, the people at the shelter didn't give up on her and after posting photos of Betty on social media, they managed to find her an owner.

105-year-old granny appears for class 4 exams

Kollam: Bhageerathi Amma, A 105-year-old grandmother from Kerala, who has 6 children and 16 grandchildren, has scripted history by appearing for Class 4 exams.

"She has appeared in all the exams and is a real motivation for others who wish to learn," said CK Pradeep Kumar, district co-ordinator of State Literary Mission.

Last year, a 96-year-old woman has cleared a test under Kerala's literacy programme with flying colours, scoring 98 per cent marks. She was the oldest candidate to take the test under the programme, launched to eliminate illiteracy in the state that boasts of over 90 per cent literacy, the highest in the country.

The Kerala State Literacy Mission, an autonomous institution under the Government of Kerala, aims to develop literacy skills in the state. People who cannot read or write, or are neo-literates or school dropouts get benefits from the programme.

HEALTH CAPSULE by Bron Smith

What can I take to prevent bad breath?

A 2005 study revealed that a daily dose of yogurt can be effective at preventing bad breath. The study suggests that the active cultures in yogurt, specifically streptococcus thremophilus and lactobacillus bulgaricus, can lower the levels of sulfite compounds in the mouth that cause bad breath.

** Health Capsules is not intended to be of a diagnostic nature.*

Ph.D awardees

Mysuru, Nov. 22- **D. Siddappaji** has been awarded Ph.D in Economics by the University of Mysore (UoM) for his thesis 'Daily Development Programmes and Milk Producers in Karnataka- A case study of Mysore District' submitted under the guidance of Dr. M.G. Basavaraja.

H.M. Mahesh has been awarded Ph.D in Education by the UoM for his thesis 'Organisational Commitment, Attitude towards Teaching and Teaching Performance among Teachers of College of Education' [Guide: Dr. K.B. Praveen]

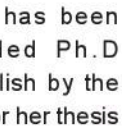
Really...?



- ***Heart Attack Grill:** Founded in 2005, the Heart Attack Grill was first opened in Tempe, Arizona. Their motto was to serve what they called "nutritional pornography." "Doctor" Jon Basso, the founder and owner, was a nutritionist by trade, and he also used to work with Jenny Craig, the popular weight-loss and nutrition company. Believe it or not, he actually came up with the idea for the restaurant while conducting a marketing study for a fitness-training studio. He became inspired by the stories of clients who went to great lengths to cheat on their diets. From décor to the menu, every aspect of the Heart Attack Grill is hospital themed. The waitresses dress up as nurses, and the patrons become patients.*

VOICE OF THE READER

Create a new Housing Directorate / Authority

Sir,

Apropos ***"Drop Ballahalli Layout Project"*** *(SOM* dated Oct.14), Mysuru Urban Development Authority (MUDA), this time has a Detailed Project Report (DPR) ready and wants to develop a full-fledged residential satellite township at Ballahalli. 90 percent of farmers whose land MUDA wants to acquire for the project are up in arms and want this project dropped, but if they want to part with their land, they are demanding Rs. 1.50 crore per acre.

MUDA site allottees should build houses within 10 years of allotment. Vinay Kumar Sorake, the then Urban Development Minister in 2015 rightly wanted this time-frame reduced to 5 years. He had also mentioned that around 50,000 sites are lying vacant in Mysuru.

Ballahalli project can be dropped if MUDA takes firm action to retrieve these sites from those who are violating the rules and allot them to wait-listed applicants. By the way, vacant sites are an eyesore, as filth and garbage are dumped on them and remain uncleared.

Land is scarce and expensive, yet MUDA has allotted huge parcels of land to private developers. It's beyond reason that MUDA, instead of helping the common man, is helping the unscrupulous private developers. Hundreds of acres of land on Hunsur Road alone are in the hands of a very few private developers. MUDA has recklessly encouraged private developers and should end this business forthwith. Whatever happened to MUDA's plans of going vertical and building 3-4 storeyed accommodations?

Alongside MUDA, we also have Karnataka Housing Board (KHB). Recently I visited a private layout (called Vedapuram by Levinstein Group), off the Ring Road near Regional Transport Office (RTO), Rajivnagar. It was unbelievable when I was told by the marketing agent that the land belongs to KHB and developed and promoted by an Israeli firm!

MUDA, which was earlier, City Improvement Trust Board (CITB), seems to have served its purpose. There needs to be a new thinking and a new approach in addressing the acute housing problem. The Government must take inputs from the public and it would be better to disband and merge MUDA and other Urban Development Authorities in other districts, created in 1988, with KHB and bring them under one platform to create, say, **Karnataka Housing Directorate/Authority.** An integrated and dynamic approach to address primarily the issue of affordable housing in villages, towns and cities should be the main concern of such an institution.

Ghastly road accident leaves eight persons dead near Nagamangala

Nagamangala, Nov. 22- In a ghastly road accident, eight persons lost their lives when the Tata Sumo in which they were travelling was hit by a goods vehicle coming from the opposite direction near Ramadevanahalli on Chamarajanagar-Jeevargi National Highway in the taluk last night.

The deceased are Bakar Shariff (50), Tahir (30), Naushad (45), Hasin Taj (50), Mehboob Jan (50), Maqsood (25), Sahida (50) and Akbar Ali (40), all residents of Nagamangala.

Bellur Police, who rushed to the spot, shifted the injured including the goods vehicle driver and cleaner to Adichunchanagiri Hospital, where two other died.

While six persons were killed on the spot, Sahida and Akbar Ali succumbed to injuries at Adichunchanagiri Hospital early this morning.

The driver of the goods vehicle while trying to overtake another vehicle, lost control and rammed the goods vehicle into the Tata Sumo coming in the opposite direction.

The Tata Sumo was proceeding towards Bellur from Nagamangala.

All the deceased were the Management Committee members of Al Falah Minorities Credit Co-operative Society and as their term ended, they were on their way to a party near Bellur.

Bellur Police, who have registered a case, are investigating.

Layout development at Sathagalli

Court officials land at AC's Office to attach properties

Mysuru, Nov. 22 (MTY&BCT)- Officials and Court Amin from the First Additional District and Sessions Court arrived at the Mysuru Assistant Commissioner's (AC) Office in the premises of Deputy Commissioner's (DC) Office in city yesterday to attach the properties of the Office over undue delay in payment of compensation to over a dozen farmers who lost lands for layout development two decades ago.

The sudden arrival of the Court Officials surprised the officers in the AC Office. Assistant Commissioner Dr. N.C. Venkataraju told the Court Amin and the officials that it was a two-decade old case and he needed some time to study the case.

Court hearing on Nov. 27

He revealed that he has taken over as the Assistant Commissioner a few days back and was not aware of the case. After consulting his team of officials, Venkataraju told them the case regarding this issue was scheduled to be heard by the Court on Nov. 27. Satisfied by the AC's reply, the Court officials gave time to the Officer and left the place.

The issue dates back to 1989-1990 where about 18 farmers had given 72 acres of land at DTS Rao Nagar in Sathagalli in 1998 for development of a layout by Madhuvana Housing Society. Then, the land owners were given Rs. 50,000 per acre as compensation and the land acquisition process was initiated. But unhappy with the compensation amount, some farmers approached the Court in 2009 and following this, Rs. 6.09 lakh per acre compensation was fixed.

Multiple legal battles

After multiple legal battles, the farmers won the case in the Court but they have not yet received the compensation for the land they once owned. The District Administration did not comply with the Court order. As per the revised compensation, approximately Rs. 4 crore 38 lakh has to be paid to the farmers.

Irked by this, the land owners approached the Court and the Court had ordered to attach the properties till the settlement. Since the process of land acquisition was carried out by the Assistant Commissioner's office, the onus is on them to get the compensation, the farmers contended in the Court.

AC seeks time

Speaking to *SoM,* Assistant Commissioner Venkataraju said that since the case dates back to 1989-1990, he had sought time from the Court Amin and officials. "I have spoken with case workers and section officers and will have to study the petition. I have even spoken to the members of the Housing Society and learnt that one person had approached the Court regarding the compensation. Since the hearing of the case is on Nov. 27, we will approach the Court directly," he said.

Man befriends widow for remarriage; flees with 30 grams gold chain

Mysuru, Nov. 22 (YDS&KS)- A man, who befriended a widow through a matrimonial website and later promising to marry her, has fled with the woman's 30 gram gold chain worth about Rs. 80,000 on Nov. 18.

The woman, who had lost her husband had registered her name and had uploaded her details on a matrimonial website. The conman, identified as Vineeth Raj, who saw her details in the website, called the woman over the phone and introduced himself to her.

He is said to have told her that he was a widower and expressed his desire to marry her and asked her to accompany him to Chamundi Hill the next day. On Nov. 18, the woman along with Vineeth went to Chamundi Hill in the latter's car and on reaching the hill top, Vineeth is said to have told the woman about an obstacle coming in the way of their marriage and the way of getting rid of the obstacle by exchanging their gold chains among themselves.

The woman removed her chain and Vineeth too removed his and exchanged the gold chains among themselves with Vineeth promising to return the gold chain once they come to the foot of the hill.

After some time, they both went to a restaurant and drank soft drinks and the woman excused herself and went to the washroom. By the time she returned, Vineeth had fled with the gold chain, thus cheating her.

The woman, after searching for Vineeth, later lodged a complaint at K.R. Police Station.

Rs.4 crore for Kumbarakoppal main road development: MLA

Chamaraja MLA L. Nagendra during padayatra in Kumbarakoppal yesterday.

Mysuru, Nov.22 (PM&DM)- Chamaraja MLA L.Nagendra said that the Public Works Department (PWD) has released Rs.4 crore under a special grant for the development of Kumbarakoppal main road.

The MLA, who took out a *padayatra* in various parts of Kumbarakoppal coming under MCC Ward No.5 along with officials yesterday, said that the works include asphalting of first main road, construction of storm water drain, asphalting of cross roads and the road leading from Kumbarakoppal bus stand to Surya Bakery.

Following an appeal by the residents, Nagendra directed the officials to demolish the dilapidated bus stand and construct a new one after preparing an action plan.

Some of the residents complained that they have not been issued title deeds for the 165 sites allotted by Doddathammegowda, father of former MLC D. Madegowda, when he was Chairman of the then CITB. The MLA took the officials to task for the delay, when the officials responded saying that the matter was pending in the court.

Later Nagendra assured that he would himself take up the issue with the MCC Commissioner and sort out the problem. When a few residents brought to the notice of the MLA the poor state of Kempeeregowda Stadium in the locality, Nagendra assured to develop the stadium at a cost of Rs.1 crore under the Nagarothana Project and directed the Police to make more beats in the area in order to prevent unlawful activities in the stadium.

The MLA also directed the officials to address the drainage problems in the locality and to replace old electric poles.

Nagendra announced that Rs.10 lakh grant has been released for the development of Kumbarakoppal's Mahadeshwaraswamy temple out of his Local Area Development Fund and assured that he will strive for releasing funds for the development of two Rama Mandiras in the locality under Aradhana Scheme.

He further said that the works on the pure drinking water plant proposed to come up near the last bus shelter will begin soon. MCC Zone-5 Assistant Commissioner H. Nagaraj, Development Officer Veeresh, CESC Engineer Keshavamurthy, Horticulture Officer Sadashiva Chatni, BJP leaders Somashekar Raju, Chikkavenkatu, Manjappa, Bhyrappa and others were present.

Yediyurappa to start poll campaign from tomorrow

B.S.Yediyurappa

Bengaluru, Nov.22- After being successful in making two JD(S) candidates withdraw their nomination in the crucial bypoll to fifteen Assembly segments, Chief Minister B.S. Yediyurappa (BSY) will start his poll campaign for BJP candidates from tomorrow.

The Chief Minister, who had camped in the State capital for a week, is said to have worked out strategies for ensuring the win of BJP candidates in the bypolls, as winning is crucial for the survival of the BJP Government in the State, which came to power in July last after the collapse of the coalition Government. BSY is said to have directed his cabinet colleagues to campaign briskly for the party candidates in all the fifteen Assembly segments going to bypolls on Dec.5.

Over a cup of evening Tea

By Dr. K. Javeed Nayeem, MD

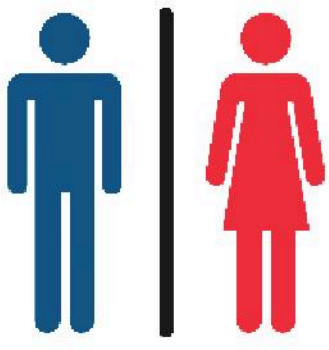
Of Sanitation, Sanitisers and good old Soap !

A recent report says that the tap water supplied to residents in fifteen out of twenty one of our major cities and State capitals where the survey was conducted was found to be unsafe. **We have to be thankful that it was found safe in six of them!** Delhi sadly stands at the bottom of this list of safety of clean water. We already know that it stands at the bottom of the list when it comes to clean air too.

But what surprised me most was the observation of the survey team that Mumbai not only fell in the elite group of six but also emerged at the top as the city that had the safest tap water which met the standards prescribed by the **Bureau of Indian Standards (BIS)** admirably well.

I call this surprising considering the fact that this coastal metropolis that is now in some real danger of being submerged by the Arabian Sea, is the one that suffers the greatest flooding during the long monsoon that it endures every year. And, we all know very well that flooding is what contaminates drinking water most, causing raging epidemics.

But irrespective of where we live across the length and breadth of our country, we all know that we have to go to great lengths to ensure that the water we drink and use for cooking is reasonably safe.



While the poor do this quite effectively by simple boiling, all those who can afford to do so achieve it or think that they are achieving it, by incorporating the use of some fancy and often very high-tech water filters!

That is why we see some of our best known celebrities lending their images to the water filter brands which are all doing very brisk business. But what I have been observing over the past few years ever since hand sanitisers became widely available is that most people are becoming very fastidious about sanitising their hands before eating anything. **It is a different matter that they are not at all mindful of what they eat and whether the hands of the person cooking and serving it are clean or not! The guiding principle and motto here seem to be: *'If it tastes good, it is good enough to eat'!***

It is now the 'in-thing' for ladies of all cultured families to have miniature hand sanitiser bottles dangling from the zippers of their clutches and hand bags whenever they are on the go. And, the few who comprise the cream among them also ensure that the colour of their sanitiser bottle matches the colour of the dresses they wear and the handbags they tote! That is why you can now buy full sets of multi-hued sanitiser bottles that can put the rainbow to shame. It is now the sacred duty of the lady to squirt a few drops from these dainty dispensers onto the hands of their husbands and kids before they seat themselves at the dining tables.

This is the scene now at all airports, hotels, resorts, weddings and wayside stops. All this is fine. They are effectively dealing a death blow to all the germs that dwell on their hands. But what surprises me most is the fact that most people these days think that the hand sanitiser is a perfect substitute for soap and so do not bother to wash their hands even after using toilets. They cannot be more wrong!

While sanitisers do kill germs effectively they simply cannot cleanse our hands of all the grime and muck that we pick up while we go about our daily lives. There is no substitute for a good wash with good old soap. **Mind you, hand sanitising therefore makes sense only when it comes after proper hand washing. Otherwise what you could be ingesting is only sanitised dirt!**

A Near-Death Experience for a Doctor !

Last Sunday doctors in Mysuru had the privilege of participating in two **Continuing Medical Education (CME) Programmes** that were conducted to enrich their knowledge and keep it updated. They were both held in two of our most prestigious hotels and at one of them one of our very senior Physicians had what I can only call a **'Near Death Experience.'**

Yes, it was as bad as that although we all had a good laugh afterwards. After our man had used the rest room when he turned to the row of wash-basins to wash his hands he saw a lady standing at one of them! Devastated that he had committed the sacrilege of entering the wrong washroom, he rushed outside to check if he or the lady was at fault.

On finding that he was not guilty of the *faux-paus* he re-entered what was now confirmed as his legitimate territory and on a closer examination discovered to his great relief and disgust too that the lady there was only cleaning the wash basins and not using them!

When he told us about the incident we all felt that it was indeed a very shocking and embarrassing experience and it could have been avoided if only the hotel management had refrained from assigning a lady to clean and maintain the men's rest rooms.

Incidentally, these days, humble toilets, which we most inappropriately call by the fancy name of **'Rest Rooms'** instead of being clearly labelled as **'Men' or 'Women'** are only decorated with graphic signs showing a male and female figure. So before entering one of them you have to carefully check whether the figure is wearing a pant or a skirt which is not a very easy task when you are in a hurry. **And, as we all know, most people entering toilets are understandably in a tearing hurry, unlike those exiting them!**

Swami Shivakanthanandaji of Ramakrishna Institute of Moral and Spiritual Education (RIMSE), Mysuru and Scholar G.S. Natesh of Shivamogga will be the chief guests.

N.V. Dinesh of the Coaching Centre will preside, according to a press release.

JEE/NEET coaching class for SC, ST students

Mysuru, Nov. 22- The Social Welfare Department has invited applications from eligible first year PUC (Science stream) students belonging to SC/ST communities for admission to JEE and NEET coaching classes.

One thousand students from SC community and two hundred students from ST community will be admitted for the coaching class. The prescribed application forms can be downloaded from the Department website *www.sw.kar.nic.in* and the filled-in applications must be mailed to: *jee.neet.petc@gmail.com* before Nov.23.

For more details, call Ph: 0821-2344661 or e-mail: *dswomysore9@gmail.com*, according to a press release.

SKYWATCH

Rare 'Unicorn' meteor showers to illuminate today's Night Sky

By Dr. S. A. Mohan Krishna, Observational Astronomer

A meteor, sometimes called a "shooting star," can be the brightest object in the night sky, yet meteoroids are the smallest bodies in the solar system that can be observed by eye. Wandering through space, perhaps as debris left behind by a comet, meteoroids enter the earth's atmosphere, are heated by friction, and for a few seconds streak across the sky as a meteor with a glowing trail.

A brilliant meteor, called a fireball, may weigh many kilograms, but even a meteor weighing less than a gram can produce a beautiful trail. Some of these visitors from space are large enough to survive their trip through the atmosphere and impact the ground as meteorites. Fireballs are sometimes followed by trails of light that persist for up to 30 minutes; some, called bolides, explode with a loud thunderous sound.

On **Nov. 22 and 23,** it is unambiguous for us to see the spectacular 'Unicorn' meteor showers. This year, Unicorn or Monoceres-meteor showers will be amazing as it will be absolutely free from full moon. This meteor shower can be seen in the constellation 'Monoceres' in the south-eastern direction, wherein nearly 400 showers can be seen in one hour.

On Nov.21, in most of the places from India, people have already witnessed this celestial feast. The unicorn meteors at their peak are capable of producing spectacular display of celestial fireworks known to man. For about an hour or so the heavens seem to burst open and pour forth a deluge of shooting stars.

The alpha monocerotid meteor shower usually happens every year between Nov. 21 and 23. These meteors originate in the dust trail from an unknown long-period comet, or a comet that takes over 200 years to travel one time around the sun.

Once in a while, this mysterious comet's trail of dust gets extra close to Earth's orbit and can create a bonanza of meteors. The dust trail lingers for a while near Earth's orbit, such outbursts of meteors are at least possible for the next few centuries, the experts wrote. Even so, the comet's trail only rarely gets close enough to Earth to create this spectacular display. The only other sudden outbursts occurred in 1925, 1935, 1985 and 1995.

This meteor shower can be seen between 11 pm and 5.30 am during Nov.22 - 23 clearly with unaided eye. So do not forget to see to this meteor shower tonight.

Excel in District-level contests

Mysuru, Nov.22-The students of Vijaya Vittala PU College have bagged several prizes in district-level competitions organised by Department of PU Education, Mysuru district, at Mahajana PU College recently.

Prize winners (I PUC): R. Harini won first prize in mono acting, T.M. Vaishnavi - first prize in Bhavageethe, Srushti - first prize in Janapadageethe, S. Sagar - second prize in Bhakthigeethe, Adithya and Kishan - third in quiz.

II PUC: S. Bharath and D.A. Shreyas - first prize in quiz, Spoorthi S. Rao - first prize in Kannada Debate, M.S. Keerthana - first prize in Bhakthigeethe, Devamshi - second prize in English Debate.

Prize winners seen with Vijaya Vittala PU College Principal H. Satyaprasad, lecturers K.S. Pradeep, S.S. Ramesh and Mayuralakshmi.

Students who have got first and second prize have been qualified to take part in Divisional-level competitions to be held at Chikmagalur.

Stink keeps walkers away from Lingambudhi Lake

(Continued from page 1)

The Lingambudhi Lake is naturally fed by two Rajakaluves. While one Rajakaluve is largely encroached, sewage water flows into the Lake from the other. However, despite encroachment, the Lake has been getting rain water from Srirampura side through this Rajakaluve. The polluted water, accompanied by plastic waste enters the Lake from Dattagalli side Rajakaluve.

People clandestinely dump empty (broken) liquor bottles and pouches that are largely collected at bars and restaurants, slaughterhouses dump chicken waste and also some nearby hospitals discard hazardous medical waste here.

Plastic waste dumped inside Lingambudhi Lake.

Weed-covered path

The Rajakaluves of the Lake has become a dumping spot of wet and dry waste generated at Kalyana Mantaps located at Dattagalli, Ramakrishnanagar, Ring Road and surrounding areas. The walking path around the Lake bund is covered with wild growth and the interlocking tiles that were laid along the path are covered with weeds.

"I have got this wonderful view of Lingambudhi Lake from my home, but unfortunately I cannot open my windows neither can I enjoy the breeze while walking. All I am left with is the stench from tank bund," Parvathi, a regular walker said.

"We had invested in the home for the Lake view; it has such good ventilation and air but every day we are forced to wake up to the stench. We are anxiously waiting for the MCC and Forest Department to do something about the Lake," she added.

The stench is most evident in the summer as the Lake is severely polluted with floating waste material such as polythene bags, covers, plastics, food-wrappers, domestic sewerage and solid waste.

Residents say that they have complained to their local Corporator many times but of no use. "We have a woman Corporator who never visits our areas and her husband attends all her phone calls. Though he has assured that his Corporator wife will take immediate action, nothing has fructified so far," residents alleged.

In 1980, Mysore Amateur Naturalists (MAN) had carried out a survey of the Lake and suggested that the Lake has the potential of being developed into a bio-diversity park of national or international repute. Following this, the then Deputy Commissioner of Mysuru in 1990, T.M. Vijaybhaskar, who is currently the State Chief Secretary, had taken measures to block the entry of drainage water from surrounding localities to the Lake. He also handed over the custody of the Lake to the Forest Department. However, sewage flow is choking the Lake now.

Lingambudhi Lake was built by Mummadi Krishnaraja Wadiyar in 1828 in memory of Maharani Krishna Vilasa Lingajammanni. It has an area of 250 acres and of it 51.3 acres come under Lingambudhi Survey No.23, 136.11 acres under Dattagalli Sy. No.82 and 28.23 acres coming under Ayyajjayyanahundi Sy. No.11. While 150 acres of the Lake is covered by water, the remaining 100 acre has been declared as Reserved Forest area. Both MCC and Forest Department share the joint responsibility of maintaining the water body.

'Disrespect' to soldier triggers protest

Mandya, Nov. 22 (Nagaiah & KS)- A CRPF soldier from Mandya, who was serving at Chennai in Tamil Nadu died of jaundice in Chennai on Wednesday.

The deceased is H.N. Devaraj (40), son of Dodda Narayani and Boramma couple of Haniyambadi village. He leaves behind his wife Gayathri, sons Adarsh and Manju and a host of relatives and friends.

The mortal remains of the soldier was brought to Mandya where the officials of the District Administration and the Police failed to receive the body which angered the villagers, who staged a protest accusing them of showing disrespect to a soldier.

Following the protest, Assistant Commissioner Suraj, Deputy Commissioner Dr. M.V. Venkatesh arrived at the spot and paid tributes to the deceased. The body was then taken to Haniyambadi village, where the it was cremated with full State honours.

High effluent content: KSPCB

Mysuru, Nov. 22 (MTY& BCT)- Environment Officer of Karnataka State Pollution Control Board Geetha told *Star of Mysore* that they had recently collected water samples from the Lingambudhi Lake and found the water to be polluted.

"Tests conducted at our laboratories showed that the water falls in Grade E and D and this means, the Lake is polluted by sewage flow. The analysis of water has proved high content of effluents and waste," she said.

On the measures to be taken to improve the water quality, Geetha said, "We have submitted our report along with recommendations to the Mysuru City Corporation and the onus lies on them to take corrective measures," she said.

Hoteliers want Film City only in Mysuru

Mysuru, Nov. 22 (RKB&DM)- Strongly opposing the moves to shift the proposed Film City out of Mysuru, the Mysuru Hotel Owners Association has urged the State Government to set up the Film City only in Mysuru.

Addressing a press meet at Patrakarthara Bhavan here this morning, Association President C. Narayanagowda said that the previous Congress Government headed by Siddharamaiah had earmarked hundred acres of land for the Film City Project at Immavu village coming under Varuna Assembly constituency, which was welcomed whole-heartedly by the people of Mysuru. But the present Deputy Chief Minister Dr. C.N. Ashwath Narayan recently issued a statement that the project will be shifted to Bengaluru, which has caused concern among the citizens of Mysuru, he said.

Maintaining that Mysuru being one of the most important tourist destinations in South India is the ideal place for setting up the Film City, Narayanagowda reiterated that the Film City project must not be shifted out of Mysuru for any reason. Regretting that most of the projects announced in the interest of tourism in Mysuru region are not reaching their logical end, he said that nearly five lakh people are dependent on tourism in Mysuru and the Government must ensure that tourism-centric projects are executed in time.

Stressing on the need for setting up further tourist attractions in Mysuru, Narayanagowda wanted the Government to take up the ropeway project at Chamundi Hill. Claiming that most of the tourist spots in North India boast of a similar facility, he said the Chamundi Hill ropeway project must be executed for further promotion of tourism here.

Referring to the Disneyland-like Project near KRS Dam that was envisioned by the previous coalition Government, he bemoaned that it is unfortunate that this dream project has remained only on paper. He wanted the Government to materialise this project, which is also aimed at providing jobs to hundreds of youths.

Association office-bearers Ravi Shastry, Subramanya Tantri and Raveendra Bhat were present at the press meet.

Elephant tramples man to death in South Kodagu

Gonikoppal, Nov. 22- In the increasing man-animal conflict in Kodagu, a man was trampled to death by a wild elephant last afternoon. The victim was working in a coffee estate at Manchalli near Kutta village when the elephant suddenly attacked him.

Forty-five-year-old Paniyeravara Kariya was working in the estate owned by Mukkatira Kushalappa, the brother of former Kodagu District Congress President Shivu Madappa. At around 3 pm as he was inside the estate, the elephant that was grazing and amidst trees in the estate suddenly attacked Kariya.

Other estate labourers who saw the horrific attack ran towards safety. Kariya died on the spot and after taking its victim, the elephant moved to the neighbouring plantation.

Villagers and estate workers complained that the wild elephant menace has increased in Kutta, Manchalli and surrounding areas. These elephants venture into the estates for easy food and it is very difficult to spot them amidst green foliage.

They alleged that many times they have complained to Forest Department about the menace and despite one planter being trampled to death just three months ago, the Department had not taken any action. "These forest officials come to the place only when human beings are killed by elephants and they drive that particular elephant back into the jungles. But the Department never takes any concrete measures for a permanent solution," villagers said.

Following the elephant trampling, farmer activists and coffee planters demanded the Police to register an FIR against Forest officials for negligence and dereliction of duty. Circle Inspector Parashivamurthy pacified the agitated crowd and assured them that cases will be booked as per law. Following the assurance from Police, the protesters relented and withdrew the agitation. Later, post-mortem was performed and the body was handed over to family members.

Seeking support for K.R. Pet by-poll

Dy. CM Ashwath Narayan calls on former Speaker Krishna

Krishna says he has lost interest in politics

Deputy Chief Minister Dr. C. N. Ashwath Narayan greeting former Speaker Krishna at his residence in city this morning.

Mysuru, Nov. 22 (RKB&VNS)- Former Chief Minister Siddharamaiah is a lone warrior in Congress party and his party will not win even a single seat in the upcoming by-elections to 15 seats, said Deputy Chief Minister Dr. C. N. Ashwath Narayan, here this morning.

The Deputy CM spoke to mediapersons after meeting Congress leader and former Speaker Krishna at the latter's Kuvempunagar residence.

Stating none of Congress leaders, except Siddharamaiah, were actively taking part in the campaign, Ashwath Narayan said the other Congress senior leaders did not want to accept the former CM as their leader and added that by-polls will end in favour of BJP with the party emerging victorious in all 15 seats.

Reacting to former Chief Minister Kumarawamy's statement that JD(S) and Congress would come back to power after the by-polls, the DCM said that both JD(S) and Congress, which lacked co-ordination, had declared war against each other and the possibility of them coming together again was far from reality.

Mandya to get representation in State Cabinet

Ashwath Narayan, urging K.R. Pet voters to support BJP candidate K.C. Narayanagowda, said that Chief Minister B.S. Yediyurappa has promised a representation to Mandya in his Cabinet that would help in overall development of the district and added that district will be extended with all benefits that were denied by Congress and JD(S).

"Chief Minister B.S. Yediyurappa, who is a native of Mandya district, has granted lift irrigation project apart from releasing Rs. 150 crore for various development works in Mandya," he added.

DCM emotionally attached with Mandya and Mysuru

"Having been born and bought up in Mandya and being a frequent visitor to Mysuru as a child, both districts are emotionally attached to me," said Ashwath Narayan. Stating that his mother was a native of Arkere in Srirangapatna taluk, the DCM said that casting votes in favour of JD(S) and Congress was of no use as they will not be able to form the government together.

Mandya's future discussed

Earlier, Ashwath Narayan on his arrival at Krishna's residence was given a warm welcome. The former sought the blessings of Krishna, who had earlier represented K.R. Pet constituency in the Assembly. Speaking to Ashwath Narayan, Krishna said that he preferred to stay away from active politics since he had lost interest.

Stating that there was a need for political parties to change their approach for betterment of the country, Krishna said today's youth, especially those below 40 years, had to think about the need to change and taking the country forward. Later, Ashwath Narayan and Krishna held closed-door talks. Sources said that the DCM sought the former Speaker's support for BJP candidate in K.R. Pet.

Lethal Attack on Tanveer Sait

MLA shifted to ward

Health condition improving

Mysuru, Nov. 22 (MTY&KS) - MLA Tanveer Sait, who was in the Intensive Care Unit (ICU) after he underwent a minor surgery yesterday morning, has been shifted to the ward last evening.

Tanveer Sait

Doctors at Columbia Asia Hospital, who are monitoring his health condition, said that his health has improved and Sait was feeling better than yesterday. The MLA had his breakfast this morning and spoke with his family members for some time.

According to sources, the Police, who are probing the murderous attack on Sait, continued interrogating the accused, who is said to have given the Cops a few important information about those in the hit list.

Based on his statements, the Police have provided a gunman to pro-Hindu activist H.P. Giridhar, a resident of Kalyangiri and Founder of Sri Lakshmi Venkateshwara Temple there.

Security continues

Meanwhile, security at the hospital and at the residence of Tanveer Sait continued today also. Additional Police security at vantage points in Nazarbad, Udayagiri and Mandi Mohalla is still in place to prevent any untoward incident.

Sir Khazi conducts prayer for Sait's speedy recovery

Meanwhile, Sir Khazi of Mysuru Hazarath Moulana Mohammed Usman Shariff conducted special prayer for the speedy recovery of Sait which was organised by Sunni Jamaithul Ulma Trust.

The prayer was held under the supervision of Mansoor Sait Kushali, President of Jamiya Tipu Arabic College and Syed Younus. Verses from the Holy Quran were read on the occasion.

Health condition improving

Columbia Asia Hospital chief Dr. Upendra Shenoy, who said that Sait's health condition was improving, his kidneys functioning normally and his blood pressure was normal added that Sait was under soft diet at present. He also said that the MLA has to stay in the Hospital for 4-5 days and has to take rest for a few weeks once he is discharged from the hospital.

Lectures on Indian Constitution: Change in schedule

Mysuru, Nov. 22- Parampare has organised a lecture series on Indian Constitution at Nadabrahma Sangeetha Sabha on JLB Road from Nov.18 to Nov.24.

However, there is a change in programme. Thee lecture scheduled on Nov.24 (Sunday) on the topic "Historical Judgements of Apex Court" by Justice Krishna S. Dixit will be delivered on Nov. 23 (Saturday).

The lecture on Nov. 23 on the topic "Fundamental Rights and Directive Principles" by Prof. H.K. Nagaraja will be delivered on Nov. 24 at 5.30 pm, according to a press release from P. Krishna Kumar of Parampare.

Mysore Adolescent Health Academy launch on Nov. 24

Mysuru, Nov. 22- Indian Academy of Paediatrics (IAP), Mysore, under the Presidentship of Dr. Rajeshwari Madappa, will be launching **Mysore Adolescent Health Academy (MAHA)** on Nov.24 at 9.30 am at *Hotel Southern Star* in city.

Dr. Preeti Galgali, Chairperson, Adolescent Health Academy, India, who will be the chief guest, will install Dr. S.N. Mothi as Chairman and Dr. M.R. Prashanth as Secretary of MAHA.

Dr. D. Narayanappa, Professor in Paediatrics, JSS Hospital and Dr. Govinda Raju, Professor and Head, Department of Paediatrics, Dr. B.R. Ambedkar Medical College, Bengaluru, will be the guests of honour.

Dr. Preeti Galgali

253 million adolescents in India: There are 253 million adolescents in the age group of 10-19 years in India. Adolescent Health Academy is a wing of Indian Academy of Paediatrics which aims to protect children in this age from risky behaviours, promote their physical and mental wellness and protect them from injury and abuse.

These young children and teenagers have unique health and psychosocial issues. They require nutrition and physical activity guidance and also educational counselling. They are susceptible to several preventable and treatable health problems like sexual abuse, early and unintended pregnancy, unsafe sex leading to STI/HIV/AIDS, nutritional disorders like malnutrition, anaemia and overweight, alcohol, tobacco and drug abuse. In addition, they also suffer from a higher level of mental health problems and are susceptible to injuries and violence.

Doctors from Asha Kirana for ASICON-2019

Dr. Mothi *Dr. Swamy*

Mysuru, Nov.22- Dr. S.N. Mothi, Chairman and Dr. V.H.T. Swamy, Chief Medical Officer, Asha Kirana Hospital, Mysuru, have been invited as Resource Persons for the 12th National Conference of AIDS Society of India (ASICON-2019) at Hotel Leela Palace, Chennai, from Nov. 22 to 24.

Dr. Mothi will be moderating the session on Pre-Exposure Prophylaxis(PrEP) while Dr. Swamy will be presenting his paper on 'TB Meningitis with Enterobacter Sepsis & Human Brucellosis – A Case report'.

UoM Professor attends "Global Food Security" meet at Colombo

Mysuru, Nov.22- **Dr. Asna Urooj,** Chairperson, Department of Studies in Food Science and Nutrition, University of Mysore, was invited by iConferences, Colombo, Sri Lanka, to be the co-chair of the International Conference on Agriculture, Food Security and Safety titled "Global Food Security: Reality and Challenges" on Nov.7 and 8.

iConferences specialises in organising conferences on various themes within Asia. The International Conference on Agriculture, Food Security and Safety 2019 was a platform to raise and discuss prominent challenges connecting the agriculture, food security and nutrition with reference to developing countries.

Prof. Asna Urooj delivered the keynote address on the topic "Creating sustainable food future and healthy diets through diverse food systems."

Dr. Sudha Sairam, Chandan Vinay, Lohith and Namratha Pai, Ph.D scholars working under her guidance, also presented papers.

Namratha was awarded Best Student presentation for the paper "In vitro starch and protein digestibility profile of processed food supplement developed for therapeutic use."

The other paper presentations were "Breadfruit- potential food source for future nutrient and health security" by Sudha Sairam and Asna Urooj (Guide); "Nutrient profile and macronutrient digestibility of popped Euryale Ferox seeds" by Chandan Vinay, H. Kaneez and Asna Urooj (Guide); "Impact of food processing on in vitro protein digestibility of legume based weaning food" by M.S. Lohith, K. Wang, A. Balasundaram, H. Mattar, A. Urooj, J. Maclaughlin and E.C. Mills.

Another student Shrutika Umralkar bagged an award in the 3rd International Conference on Food, Nutrition, Health and Lifestyle 2019 Emerging trends in Nutrition and Food Science in Bangkok, Thailand. Best Poster Presentation by Shrutika Umralkar, M.S. Lohith, D. Indrani and Asna Urooj (Guide). "Studies on sensory attributes, phytochemical parameters and microstructure of Stevia rebaudiana based selected Indian sweets."

Raaga Arogya-2: A Medico-Musical event at Kalamandira tomorrow

Mysuru, Nov.22- Unnathi, a city-based organisation, is hosting a musical evening 'Raaga Aarogya-2' on Nov.23 (Saturday) at 6 pm at Kalamandira.

Music plays a very vital role in human well-being. From entertainment to spiritual enhancement, the role of music is undeniable. It is an age-old fact that music is therapeutic and has the power to heal many sicknesses.

Noted playback singer Shreeharsha of *SaReGaMaPa*-fame will be presenting various ragas, along with their benefits on health. Raaga Aarogya-2 will present different formats of music through Kritis-Keerthanas, Daasapada, Bhaavageethe, Folk songs and selected raga-based film hits.

A file photo of 'Raaga Aarogya-1' in city.

Raaga Aarogya-2 will also have eminent Consultant Cardiologist Dr. N.S. Rajendra, who would educate the audience about the truths and myths of heart care.

H. Chennappa, Assistant Director, Kannada and Culture and Srihari Dwarakanath, Founder, GSS Foundation, will be the chief guests of the event.

Raaga Aarogya-2 will be a comprehensive platform to experience heath and happiness together. Entry to the event is free. For details contact Mob: 91484-95258.

Seminar marks World COPD Day

'Untreated lung diseases may lead to cancer'

Dr. M.S. Vishweshwara, Medical Superintendent, Bharath Hospital and Institute of Oncology, addressing the gathering at Sarada Vilas College of Pharmacy in Krishnamurthypuram here yesterday.

Mysuru, Nov. 22 (PM&US)- As part of **World COPD Day (Chronic Obstructive Pulmonary Disease Day),** Sarada Vilas College of Pharmacy had organised a seminar on 'Living well with COPD' at the College premises in Krishnamurthypuram here yesterday.

Inaugurating the programme, Dr. M.S. Vishweshwara, Medical Superintendent, Bharath Hospital and Institute of Oncology, Mysuru, opined that untreated lung diseases may lead to cancer.

He attributed many lung diseases to poor air quality and consumption of tobacco products. He opined that deficit in oxygen supply to lungs could be detrimental which may lead to problems even after 10 years. Equating lungs to air filter in automobiles, he said that the latter can be replaced after clogging but not the former.

Referring to the worst air quality in Delhi, Dr. Vishweshwara advised people to save the environment and avoid burning of tyres, plastic and other trash.

He contended that regular inhalation of air with poor quality would invite a series of problems for a person after reaching 40 years. He cautioned parents to rethink before taking their small kids on bikes for a casual ride as polluted air can attack the lungs of the kids which could surface as a big problem after ten years or so.

H.K. Srinath, Hon. Secretary, Sarada Vilas Institutions, opined that the life-style of people contribute a lot to their health condition. He said that the air quality in Mysuru is not very bad and added that it should be further improved without any complacency.

Dr. Virupaksha, PKTB Hospital Medical Superintendent, spoke on COPD. College Principal Dr. Hanumanthachar Joshi and others were present.

KSCA Mysuru Zonal League

Pruthvi Raj, Darshan shine

Mysuru, Nov. 22- A good all-round performance by M.R. Pruthvi Raj (103 and 2 for 30) and Darshan (57 and 5 for 16) enabled Sunny Side CC to register a big 219-run win over CPCP in KSCA Mysuru Zone III division league match played at District Stadium, KR Nagar recently.

SCORES

Sunny Side CC 354 for 8 in 50 overs (M.R. Pruthvi Raj 103, Darshan 57, Kaif Basha 50, Jeevan 41, Mahaboob Khan 25 n.o, Rahul Khatri 3 for 80) bt CPCP 135 in 40 overs (H. Raghu 38, Jayaram 32, Darshan 5 for 16, Amogh 3 for 26).

ITF Grade V Junior Tennis

Arnav Pathange goes down in quarter-finals

Guwahati, Nov. 22- Mysuru-lad Arnav Pathange taking part in ITF Grade V Junior Tennis Tournament in Guwahati lost in the boys singles quarter-final yesterday.

Akhilendran Indrabalan beat Arnav Pathange 6-0, 3-6, 6-4 and entered the semi-finals.

KPL only after match-fixing probe: KSCA

Bengaluru, Nov. 22- The future of Karnataka Premier League (KPL) seems to be bleak as the Karnataka State Cricket Association (KSCA) has decided not to conduct the premier cricket tournament until the investigation into the match fixing scandal was completed by the Central Crime Branch (CCB) of Bengaluru City Police.

In a communique sent to the mediapersons, KSCA Hon. Treasurer and Official Spokesperson Vinay Mruthyunjaya said "We wish to state that the next edition of the KPL will be conducted only after the completion of the ongoing investigation. We continue to co-operate with Police in all respects till the completion of the probe."

The CCB has so far arrested seven individuals in connection with the match-fixing scandal and has also issued a Look Out Circular for Arvind Venkatesh Reddy, owner of the Bellary Tuskers.

Following a complaint by cricketer Bhavesh Gulecha, the CCB arrested Belagavi Panthers owner Ali Asfaq Thara, the first to be arrested.

Later, celebrity drummer Bhavesh Bafna, Haryana-based bookie Sanyam, cricketers Nishanth Singh Shekawat, Vishwanathan and coach Vinu Prasad were arrested. The latest to be arrested were former India 'A' player C.M. Gautham and first class cricketer Abrar Kazi in connection with the case.

Team India for home series against West Indies announced

Kolkata, Nov. 22 (UNI)- Virat Kohli will lead team India in T20 and ODIs for the upcoming home series against West Indies starting from Dec.6. Speedsters Bhuvneshwar Kumar and Mohammed Shami have included in the 15-member squad in both formats.

The national selection committee picked the 15-member squad for T20s and ODIs on the eve of first ever Pink Ball test match being played in India at the Eden Garden. Kohli, who was not part of the home series against Bangladesh, is back to lead the team in both the formats.

Bhvuneshwar, who picked up a lower back injury ahead of India's Test series in England in 2018, is back. Mohammed Shami also made it to the team in the shorter format after a gap of two-and-half years.

ODI squad: Virat Kohli (Captain), Rohit Sharma, Shikhar Dhawan, K.L. Rahul, Rishabh Pant, Kedar Jadhav, Manish Pandey, Shreyas Iyer, Ravindra Jadeja, Shivam Dube, Yuzvendra Chahal, Kuldeep Yadav, Mohammed Shami, Deepak Chahar, Bhuvneshwar Kumar.

T20I squad: Virat Kohli (Captain), Rohit Sharma, Shikhar Dhawan, K.L. Rahul, Rishabh Pant, Manish Pandey, Shreyas Iyer, Shivam Dube, Ravindra Jadeja, Washington Sundar, Yuzvendra Chahal, Kuldeep Yadav, Deepak Chahar, Bhuvneshwar Kumar, Mohammed Shami.

Mysuru City Inter-Collegiate Weightlifting Championship

NIE wins Team Championship

The National Institute of Engineering (NIE) men's weightlifting team, which won the title in the Mysuru City Inter-Collegiate Weightlifting Championship and also in the JSS S&T University's 2nd Inter-Collegiate Engineering Sports Meet 2019, seen with the trophies and college officials. (Sitting from left) Akshay R. Das, Abhishek Agarwal (Captain), Dr. K. Pushpalatha, Chairperson, NIE Sports Committee, Dr. G. Ravi, Principal, Shankaranarayana, Physical Education Director, K. Mahadeva Swamy (Coach), Raheel Raghib Zaheer (Vice-Captain). (Standing from Left) D.K. Nageshwar, A. Shashank, B.M. Dhanush, H. Rahul, Goutham S. Giridhar, Kruthik P. Gowda, B.N. Varun and Niranjan.

Mysuru, Nov. 22- The men's weightlifting team of National Institute of Engineering hogged limelight in the recently held Mysuru City Inter-Collegiate Weightlifting Championship-2019 by winning the team championship bagging three gold, two silver and four bronze medals. The team also excelled in the weightlifting championship at the 2nd Inter-Collegiate Engineering Sports Meet 2019 organised by JSS S&T University recently. The weightlifters won a total of six gold medals and four silver medals to emerge as team champions.

Double Delight for Deia Urs

Mysuru, Nov. 22- It was double delight for city's young martial artist Deia Urs as she won gold medal in both U-21 years individual Kata and Individual Female Open Kata Grand Championship, organised by Temple of Martial Arts Okinawan Shotokan Karate Do Association, Bengaluru at V.V. Convention Hall, Utthara-halli Main road in Bengaluru, here recently.

In the below 21 years individual Kata, Deia defeated Chitrashree of Davanagere 5-0 in the finals to emerge victorious and in the Individual Female Open Kata Championship she defeated Keerthy of Bengaluru 5-0 to win the grand championship. In the quarter-final, she defeated Saakshi of Bengaluru 5-0 and Nanditha of Belagavi 5-0 in the semi-finals.

Deia Urs is currently ranked No.1 in the State and No.2 in country in both U-21 years and Senior Individual Female Kata category in the State. A journalism student, she has 3rd Degree Black Belt and is trained by her father Srinath Urs an accredited and certified karate kata coach. Both practice under All India Shito Ryu Karate Do Union President Kyoshi C. S. Arun Machaiah and Shuko Kai Karate Do of India Head Shihan E.S. Kumar.

Deia Urs seen receiving Grand Championship Trophy from Hisham Omar and KKF Head Nagendra Babu.

City's master athlete excels

Mysuru, Nov. 22- City's master athlete **B. Basavraju,** retired Railway employee, excelled in the recently held 40th State Level Masters Athletic Championship at Mangala Stadium in Mangaluru.

Basavaraju won three gold medals in 400 mts runs, 800 mts run and 1,500 mts run. He has also been selected to take part in the National Level Masters Athletic Meet to be held in Manipur from Feb. 2, 2020.

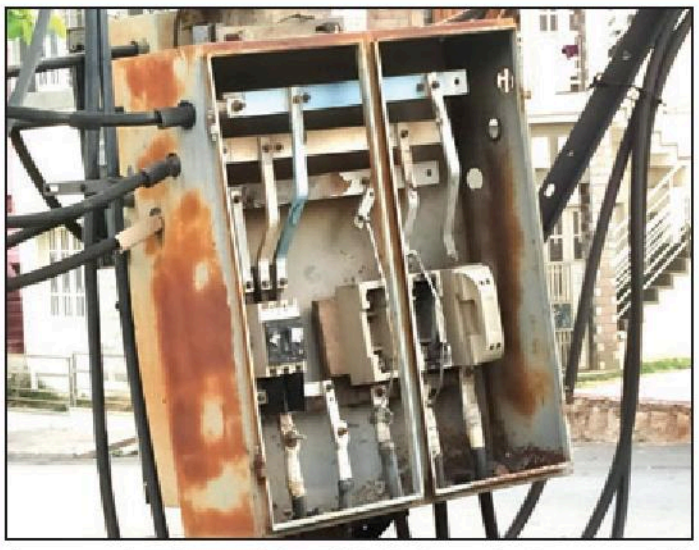
Plea to clear garbage heap dumped in J.P. Nagar

Garbage heap, dumped opposite to House No. 196 on the 4th Main in J.P. Nagar 'A' Block is not cleared since a month. Residents complain that miscreants light fire to the garbage forcing them to inhale toxic smoke emanating from it. Authorities concerned are urged to get the garbage heap cleared at the earliest.

Will this B.M. Sri Nagar-Ring Road be repaired?

Huge crater-like potholes on the under bridge road connecting B.M. Sri Nagar and the Ring Road is causing a lot of inconvenience to motorists as they cannot identify the depth of the pothole as rain water has filled them leading to accidents and motorists suffering injuries. Authorities concerned are urged to get the potholes filled at the earliest.

Open power panel box posing danger in Rajivnagar



An open electric panel box right in front of a house on 14th cross in Rajivnagar 2nd stage is posing danger to all especially children as it is within their reach. During rains rain water could enter the exposed box which may result in short circuit besides causing injuries to others. Authorities concerned are urged to take steps to get the electric box covered for the benefit of all.

Subbaiah Naidu took to theatre despite opposition from mother: Girija Lokesh

Subbaiah Naidu

Mysuru, Nov. 22 (PM&VNS)- Despite severe opposition from his mother, Subbaiah Naidu never discontinued to pursue his interest in theatre, said actress Girija Lokesh.

Speaking on the topic 'Subbaiah Naidu: Life and Achievements', as a part of 'Ranga Dwani,' a special lecture series organised jointly by University of Mysore's Gubbi Veeranna Rangapeeta, Fine Arts College and Prasaranga at EMMRC auditorium recently, the veteran actress said that during his childhood Subbaiah Naidu was beaten black and blue by his mother for showing interest in theatre. Despite this, Naidu never gave up theatre and struggled hard to become one of the most successful actors of the country, she added.

Subbaiah Naidu, who had great interested in theatre literature and named his company as 'Sahitya Samrajya Nataka Company.'

Stating that Naidu developed interest in theatre at the age of seven, she said that Naidu's mother Rangamma thinking that her son would get spoiled by his interest in theatre, shifted to Mysuru with both her children.

"After shifting to Mysuru, Rangamma starts selling idlis in a small hotel and joined Naidu to a shop. Later, after being assaulted by his colleague, shop owner Razak enrols Naidu to a *garadi* (traditional wresting home). Naidu, who was fond of music and theatre, meets Madappa, a music teacher, and convinces him to teach music.

Naidu, later joined a theatre company run by one Seethappa of Anekal and starts working there. Following this, he slowly grows and became one of the most successful theatre and cinema personalities in the country," Girija Lokesh added.

Book on Subbaiah Naidu

Prasaranga Director Prof. M.G. Manjunath said that Prasaranga would publish a book on Subbaiah Naidu, the lead actor of the first Kannada talkie movie, based on the information provided by Girija Lokesh.

University of Mysore Registrar Prof. R. Shivappa, Fine Arts College Principal Prof. C. Ramaswamy, Guest Lecturer and Actor Mandya Ramesh, Pooja Lokesh and others were present.

Footpath encroachment force pedestrians to walk on road near Town Hall

Mysuru, Nov. 22 (MK&KS)- Despite Mysuru City Corporation (MCC) officials warning vendors not to conduct business on footpath and the Traffic Police announcing imposition of fines if vehicles were found parked on footpaths and in No Parking zones, both the rules have been violated on the road leading to Gandhi Square from Town Hall in city.

Pedestrians who walk towards Gandhi Square from Town Hall, are forced to walk on the busy road as the footpath is occupied by vendors selling readymade clothes and cars and tempos parked on the footpath.

Though the MCC has installed a board warning vendors against conducting business on footpaths, vendors have occupied the footpath thus violating the warning and despite there is parking facility at the Town Hall, cars and tempos are seen parked on the roadside leaving no space for pedestrians.

As the MCC has not developed the footpath from the Town Hall to Gandhi Square, the vendors, taking advantage of it are conducting their business. Even the trench dug up for drain is covered with mud and the footpath has become uneven which is also forcing the pedestrians to walk on the road.

Though parking facility for cars and bikes is provided around Gandhi Square, the number of people parking their vehicles haphazardly is more and as there is a maxi-cab stand at the circle, the pedestrian are the suffering lot as they risk their lives by walking on the road.

Congress is the only party that empowers women: Eshwar Khandre

Mysuru, Nov.22(PM&DM)- Congress is the only party that has empowered women by introducing many schemes, said KPCC Working President Eshwar Khandre. He termed the BJP a communal party which does not want gender equality.

He was speaking at a programme organised for the induction of former Mayor Pushpalatha Chikkanna as City Women's Congress President and former Mysuru ZP President Latha Siddashetty as the District Women's Congress President at the Congress Office near the City Railway Station yesterday.

Pointing out that late Prime Minister Indira Gandhi should be credited for introducing various schemes for the benefit of women, Khandre claimed that the Congress has the distinction of providing reservation for women in every level of local bodies.

Asserting that Sonia Gandhi sacrificed the post of Prime Minister when she headed the Congress party earlier, he hit out at the BJP saying that the party indulged in horse trading for the sake of power.

He further said that it is only the Congress party was working at the national level for the empowerment of women.

MLA and former Minister U.T. Khader said that hard work in the party's organisation would be suitably rewarded in the future.

Stressing on the need for strengthening the party at the grassroot level, he maintained that the Congress party treats everyone with equality, without any discrimination.

Former Minister Dr. H.C. Mahadevappa said that Dr. B.R. Ambedkar tabled the Hindu Code Bill aimed at gender equality and women empowerment.

But the Bill did not see the light of the day and Rajiv Gandhi, taking cues from the Bill, enhanced reservation for women in all sectors, when he became the Prime Minister after the death of his mother Indira Gandhi.

AICC Secretary in-charge of Mysuru region Vishnunadh, MLA Dr. Yathindra Siddharamaiah, MLC Dharmasena, former MLA Vasu, Mayor Pushpalatha Jagannath, KPCC Women's Wing President Dr. B. Pushpa Amarnath, City Congress President R. Murthy, District Congress President Dr. B.J. Vijaykumar, leaders Manjula Manasa, Pushpavalli, Radhmani, Nandini Chandrashekar, Kamala Anantaramu, K. Marigowda and others were present at the programme.

Man electrocuted in city

Mysuru, Nov. 22 (MK&KS)- A 33-year-old man was electrocuted while curing an under construction house at B.M. Sri Nagar on Wednesday.

The deceased is Rama, a resident of 6th Cross, B.M. Sri Nagar.

Rama was curing the house which his father-in-law was building on the 2nd Main Road in the same locality and when he switched on the water pump, power passed through it and he was electrocuted.

A case has been registered at Metagalli Police Station.

Obituary

Hajiya Rehamath Bi

Mysuru, Nov. 22- Hajiya Rehamath Bi (85), wife of late Syed Raheem Babu, a timber merchant and a resident of Bannimantap 'C' Layout, passed away yesterday at her residence.

WORD OF THE DAY

Teleological

Pronunciation: Tel-ee-uh-LAH-jih-kul.
Meaning: Exhibiting or relating to design or purpose especially in nature.
Origin: Teleological (which comes to us, by way of New Latin, from the Greek root tele-, telos, meaning "end or purpose") and its close relative teleology both entered English in the 18th century, followed by teleologist in the 19th century. Teleology has the basic meaning of "the study of ends or purposes." A teleologist attempts to understand the purpose of something by looking at its results. A teleological philosopher might argue that we should judge whether an act is good or bad by seeing if it produces a good or bad result, and a teleological explanation of evolutionary changes claims that all such changes occur for a definite purpose.
Example: "The standard story about mass printing is a story of linear, teleological progress. It goes like this: Before Johannes Gutenberg invented the printing press, books were precious objects, handwritten by scribes and available primarily in Latin. Common people ... were left vulnerable to exploitation by powerful gatekeepers—landed élites, oligarchs of church and state—who could use their monopoly on knowledge to repress the masses ...." — Andrew Marantz.

THE ODD WORD

Tabatière

Snuff-box.

PHRASE OF THE DAY

Take potluck

Meaning: Take one's chance as to what meal one is served when accepting another's hospitality. Also, in the USA, potluck is the name of a communal meal, in which participants each bring a dish to be shared.
Origin: 'Take potluck' originated in the UK in the 16th century. The original 'take one's chance at what is being served' meaning is still the one that is used and understood there and everywhere else outside of the USA. Thomas Nashe recorded the term in Strange newes, of the intercepting certaine letters, and a convoy of verses, 1592: "That, that pure sanguine complexion of yours may neuer be famisht with potte-lucke." The American 'bring food to a party' meaning was defined in an entry in American Speech in 1924: "Pot luck, food contributed by the guest. To take pot luck is to bring food with one to a party." The use of the hyphen in the early citation of potte-lucke indicates that the expression may well have been in use earlier than the 16th century. Many words have taken the journey from two words -> hyphenated pair -> single compound word.

QUOTE BOX

The seeds of liberation are planted across the common table as we break bread together. **— Jamie Arpin-Ricci**

Design SAFE Colloquium and Best M. Tech Theses Award ceremony on Nov. 23

Mysuru, Nov.22- The Association of Consulting Civil Engineers (India), Mysore Centre and The Department of Civil Engineering, Sri Jayachamarajendra College of Engineering, Mysuru (under TEQIP - III initiative) are jointly organising a one-day colloquium Design SAFE-2019 on 'Steel - Concrete Composite Structures' on Nov.23 at CS/IS Seminar Hall, Golden Jubilee Bhavan, SJCE.

M.Tech. students of Structural Engineering and Construction Technology from six engineering colleges in Mysuru, Mandya and Hassan regions will be attending the event.

Dr. T.N. Nagabhushana, Principal, SJCE, will inaugurate the programme at 10.15 am tomorrow. Dr. K. Prakash, Professor and Head, Department of Civil Engineering, will preside. Dr. B. Manoj Kumar, Nodal officer, TEQIP III, SJCE, Er. S. Prakash, Chairman, Er. M.S. Ramprasad, Hon. Secretary, Dr. Y.M. Manjunath, Hon. Treasurer, office-bearers and members of ACCE(I) Mysore Centre and Faculty members from various engineering colleges will be present.

Two eminent structural consultants Er. Gururaj Thaali, Chief Managing Director, Innotech Engineering Consultants Pvt. Ltd., Bengaluru and Dr. S. Sreenath, Engineering Manager (Civil), Larsen and Toubro Ltd., Chennai, will make presentations on 'Steel-Concrete composite structures' in the colloquium.

The technical presentations will be followed by Best M. Tech Theses Award Programme where three best thesis submitted by M.Tech. students of structural engineering from six engineering colleges in Mysuru, Mandya and Hassan regions during the academic year 2018-19 will be presented with awards.

Dr. K.S. Lokesh, Registrar, JSS Science and Technology University, Mysuru, will be the chief guest. Er. S. Prakash, Chairman, ACCE(I) Mysore Centre, will preside.

A technical quiz on structural engineering is also organised for the participating M.Tech students. About 140 M.Tech. students from JSS Science and Technology University, The National Institute of Engineering, Vidya Vikas Institute of Engineering, and VTU Regional Centre of Mysuru, PES College of Engineering, Mandya and MCE College of Engineering, Hassan will participate in the programme.
